CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors EnergyNet.com, Inc. Amarillo, Texas

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of EnergyNet.com, Inc. (the Company), which comprise the statement of financial condition as of December 31, 2013, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

EnergyNet.com, Inc. Page 2

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2013, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted n the United States of America.

Other Matters

The financial statements of the Company, as of and for the year ended December 31, 2012, were audited by other auditors whose report dated February 19, 2013 expressed an unmodified opinion on those statements.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in Schedule I has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedule I is fairly stated in all material respects in relation to the financial statements as a whole.

Emphasis of Matter

As discussed in Note 10 to the financial statements, Schedule I presented for purposes of additional analysis and as supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934, has been restated to include auction proceeds payable previously excluded in the total aggregate indebtedness amount reported as of December 31, 2013, which was discovered by management after issuance of their current year financial statements. Our opinion is not modified with respect to this matter.

Johnson & Sheldon, P.C.

February 14, 2014, except for Note 10 as to which the date is March 25, 2014

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of EnergyNet.com, Inc. (the Company) is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management, who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles in the United States of America and have been consistently applied in the preparation of the financial statements.

Organization and Basis of Presentation

EnergyNet.com, Inc. is a Texas corporation. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA). The Company is primarily engaged in facilitating the sale of operated and non-operated working interests, producing and nonproducing mineral interests, and royalty and overriding royalty interests in crude oil and natural gas properties between registered buyers and sellers through an Internet based live auction.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, amounts due from banks, and all highly liquid investments with initial maturities of three months or less. The Company maintains its cash in bank deposit accounts that, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant risk related to cash.

Short-term Investments

Short-term investments consist of certificates of deposit, typically having original maturities of 180 days.

Securities Transactions

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis. Marketable securities are valued at fair value.

Revenue Recognition

The Company recognizes commissions on property sales at closing, which are calculated as a percentage of the sales price. Title to the crude oil and natural gas properties passes directly from the seller to the buyer. Accordingly, the Company never holds an interest in the properties listed and sold on its Internet site.

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Equipment

Equipment is stated at cost. Software costs represent the costs of developing the Company's Internet site and developing other Internet sites under contractual agreements. Expenditures that constitute upgrades or enhancements are capitalized. Computer equipment and furniture are depreciated using the double-declining balance method over five and seven years, respectively. Software is depreciated using the straight-line method over three years. Charges for repairs and maintenance that do not extend the useful lives of the related assets are expensed as incurred. As items are disposed, the related costs and accumulated depreciation are removed and any excess of cost over accumulated depreciation is recognized as a charge to earnings.

Advertising Costs

Advertising costs are expensed as incurred. Advertising costs included in general and administrative expenses amounted to \$134,467 and \$138,118 for the years ended December 31, 2013 and 2012, respectively.

Income Taxes

The Company is subject to US Federal income taxes and income and margin taxes in the state of Texas. On January 1, 2010, the Company elected to be treated under Subchapter S of the Internal Revenue Code. Accordingly, effective January 1, 2010, the Company is no longer subject to US Federal Income Tax. US Federal Income Taxes are the responsibility of the Company's shareholders in direct proportion to their individual ownership percentages in the Company.

Deferred tax assets and liabilities are recognized for the anticipated future tax effects of temporary differences between the financial statement basis and the tax basis of the Company's assets and liabilities using enacted tax rates in effect at year-end. A valuation allowance for deferred tax assets is recorded when the Company's management believes that it is more likely than not that the benefit from the deferred tax assets will not be realized.

When tax returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would be ultimately sustained. The benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. Tax positions that meet the more-likely-than-not recognition threshold are measured as the largest amount of tax benefit that is more than 50% likely of being realized upon settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying statement of financial condition along with any associated interest and penalties that would be payable to the taxing authorities upon examination. Interest and penalties associated with unrecognized tax benefits are classified as additional income taxes in the statement of income.

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Taxes (continued)

Based on management's analysis, the Company did not have any material uncertain tax positions as of December 31, 2013 or 2012. The Company files income tax returns in the U.S. federal jurisdiction and the state of Texas. There are currently no income tax examinations underway for these jurisdictions. The Company's income tax returns are subject to examination by the relevant taxing authorities as follows: U.S. Federal income tax returns for the years 2010 and forward; Texas income and margin tax returns for tax years 2009 and forward.

Share-Based Compensation

The Company measures and records compensation expense for all share-based payment awards to employees and directors based on estimated fair values. Additionally, compensation costs for share-based awards are recognized over the requisite service period based on the grant-date fair value.

Comprehensive Income

The Company had no elements of comprehensive income other than net income for the years ended December 31, 2013 or 2012.

Subsequent Events

The Company has evaluated subsequent events through February 14, 2014, the date of the financial statements. Disclosure of significant subsequent events are included in Note 9.

NOTE 2 - RESTRICTED CASH, AUCTION PROCEEDS RECEIVABLE AND PAYABLE

The Company collects auction proceeds from winning bidders on closed auctions. Such proceeds are generally due within two days of auction closing. The proceeds, net of the Company's commission and other fees, are generally due to the seller within ten days of auction closing. The cash collected from winning bidders is held in an escrow account until such funds are distributed to the owners.

Cash collected from winning bidders is reflected in the Company's statement of financial condition as restricted cash.

Auction proceeds receivable represent uncollateralized amounts receivable from winning bidders on closed auctions due under normal trade terms, generally requiring payment within two days from the invoice date. Uncollected auction proceeds receivable generally bear no interest. Auction proceeds receivable are stated at the amount billed to the customer plus any accrued and unpaid interest. Customer account balances with invoices dated over 30 days old are considered delinquent.

Management individually reviews all delinquent auction proceeds receivable balances and attempts to collect such balances. In the event that collection attempts fail, management writes off the receivable against the related proceeds payable. All auction proceeds receivable outstanding at December 31, 2013 and 2012 were collected under normal terms.

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 2 - RESTRICTED CASH, AUCTION PROCEEDS RECEIVABLE AND PAYABLE (continued)

Auction proceeds due to sellers, net of the Company's commission and other fees, are reflected on the Company's statement of financial condition as auction proceeds payable. Such amounts will fluctuate depending on the level of auction closing activity in the five- to ten-day period preceding the date of the statement of financial condition. The following is a summary of the balances of restricted cash, auction proceeds receivable and auction proceeds payable at December 31:

	·	2013		2012
Restricted cash	\$	6,798,857	\$	5,262,247
Auction proceeds receivable		143,207		900,302
Total amounts received or due from buyers	<u>\$</u>	6,942,064	<u>\$</u>	6,162,549
Auction proceeds payable	\$	6,942,064	<u>\$</u>	6,162,549

NOTE 3 - STOCKHOLDERS' EQUITY

The Company has the following elements of stockholders' equity at December 31, 2013 and 2012:

Preferred Stock

20,000,000 shares authorized, at \$.0001 par value, no shares outstanding at December 31, 2013 or 2012.

Common Stock

50,000,000 voting shares authorized, at \$.0001 par value. There were 22,535,706 and 23,300,764 shares of common stock issued and outstanding at December 31, 2013 and 2012, respectively.

Paid-In Capital in Excess of Par Value

Represents the proceeds received in excess of par value for common and preferred shares, net of costs associated with the issuance of the shares.

Dividends

During the year ended December 31, 2013, the Company's board of directors declared a dividend of \$415,942. The Company's board of directors declared a dividend of \$1,650,315 during the year ended December 31, 2012.

NOTE 4 - INCOME TAXES

The Company's provision for state income taxes consisted solely of the Texas margin tax for the years ended December 31, 2013 and 2012, reflecting the Company's election to be treated under Subchapter S of the Internal Revenue Code. Deferred income tax expense was inconsequential for both periods.

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 4 - INCOME TAXES (continued)

The Company's net deferred tax assets and liabilities arose prior to its election to be treated under Subchapter S of the Internal Revenue Code, and consisted of the following components at both December 31, 2013 and 2012.

Deferred tax assets: Expenses deductible in future periods	\$ 45,573
Deferred tax liabilities:	
Differences in equipment depreciation and capitalization methods	(84,149)
Other	 (19,310)
Total deferred tax liabilities	 (103,459)
Net deferred tax assets (liabilities)	\$ (57,886)

NOTE 5 - COMMITMENTS AND CONTINGENCIES

Lease Arrangements

The Company leases certain office space under non-cancelable operating lease arrangements with expiration dates through June 2016. The Company maintains office space in other locations under month-to-month leasing arrangements. Rent expense related to these arrangements amounted to \$177,562 and \$159,118 for the years ended December 31, 2013 and 2012, respectively. Future minimum rents due under the Company's non-cancelable operating leases as of December 31, 2013 were as follows:

2014	\$ 159,617
2015	121,037
2016	52,333
	<u>\$ 332,987</u>

Litigation

The Company may from time to time be involved in various claims, lawsuits, disputes with third parties, actions involving allegations of discrimination, or breach of contract incidental to the operations of its business. The Company is not currently involved in any litigation which it believes could have a materially adverse effect on its financial conditions or results of operations.

NOTE 6 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2013, the Company had net capital of \$4,313,091, which was \$3,830,334 in excess of its required net capital of \$482,757. At December 31, 2013 aggregated indebtedness amounted to 167.89% of net capital.

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 6 - NET CAPITAL REQUIREMENTS (continued)

The Company caries no customer-regulated commodities futures accounts; therefore the computation of segregated funds pursuant to Section 4d(2) of the Commodity Exchange Act is not applicable. The Company handled no customer securities or accounts during the years ended December 31, 2013 or 2012, and accordingly, is not subject to the requirements under SEC Rule 15c3-3.

NOTE 7 - STOCK OPTION PLAN

The Company adopted the 2000 Equity Incentive Plan (the Plan) on November 3, 2000. The Plan provides for grants of up to 3,750,000 options to employees, consultants and directors at exercise prices greater than or equal to market price on the date of the grant. Grants are at the discretion of the Company's board of directors, and the options typically vest in equal portions over four years and expire ten years from the date of grant. As of December 31, 2013, 847,400 options were available for future awards under the plan.

The Black-Scholes option-pricing model was used to estimate the option fair values. This option-pricing model requires a number of assumptions, of which the most significant are, expected stock price volatility, the expected option term (the amount of time from the grant date until the options are exercised or expire), expected dividends and risk-free rate. Expected volatility was determined based on our historic trading activity. The risk-free rate was estimated using rates for U.S. Treasury notes with terms similar to the expected term of the Company's options. The expected option term was estimated based on Management's assumption that the options will not be exercised until the end of their contractual lives, or ten years.

There were no options granted during the years ended December 31, 2013 and 2012.

The following table summarizes stock options outstanding and activity as of and for the years ended December 31, 2013 and 2012:

		Weighted Average Exercise
	Options	Price
Outstanding at January 1, 2012	1,202,300	\$ 0.25

NOTES TO FINANCIAL STATEMENTS December 31, 2013 and 2012

NOTE 7 - STOCK OPTION PLAN (continued)

The Company received \$22,848 and \$65,425 from the exercise of options during the years ended December 31, 2013 and 2012, respectively, and the related intrinsic value was insignificant. The 2000 Equity Incentive Plan is a qualified plan under the Internal Revenue Code, and accordingly, the Company did not realize any tax deductions related to the exercise of stock options. Upon exercise, the Company issues the full amount of shares exercisable per the term of the options from new shares, with no plans to repurchase those shares in the future. Options outstanding at December 31, 2013 had a weighted average remaining contractual term of approximately 5.3 years.

Total unrecognized share-based compensation expense from unvested stock options as of December 31, 2013 was considered immaterial to the financial statements.

NOTE 8 - CONCENTRATION OF CREDIT RISK

During the year ended December 31, 2013, no single seller amounted to 10% or more of total commissions revenue. During the year ended December 31, 2012, commissions earned from one single seller amounted to approximately 10% of total commissions revenue.

As of December 31, 2013 and 2012, accounts receivable from two purchasers amounted to approximately 56% and 86%, respectively, of the Company's total accounts receivable.

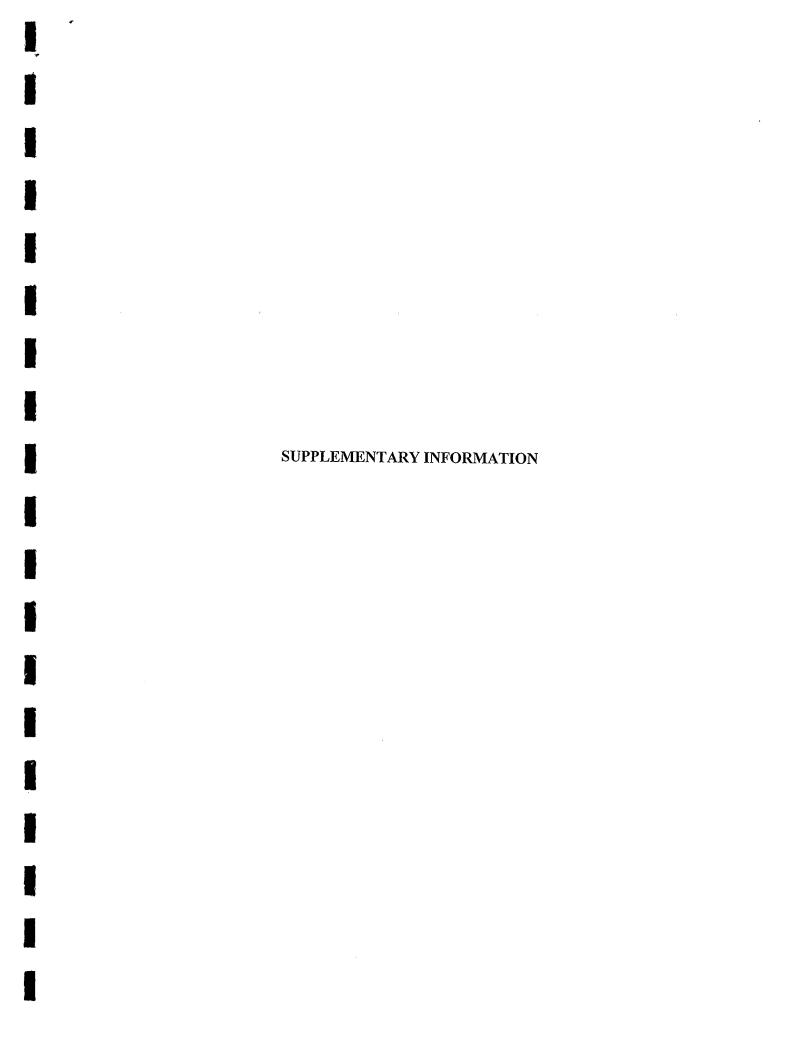

NOTE 9 - SUBSEQUENT EVENTS

The Company's board of directors declared a dividend of \$1,500,000, to be paid on or before March 1, 2014, subject to FINRA notice requirements.

NOTE 10 - REISSUANCE OF REPORT

The Company's original report dated February 14, 2014, did not include auction proceeds payable of \$6,942,064 in the computation of aggregate indebtedness on Schedule I (supplementary information). Also see Note 6, Net Capital Requirements, and supplementary information Schedule I, Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission, for revised amounts and percentages.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL

In planning and performing our audit of the financial statements of EnergyNet.com, Inc. (the Company), as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13;
- 2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments made by management are required to assess the expected benefits and related costs of internal control and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and are recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

EnergyNet.com, Inc. Page 2

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs of this report and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities relative to the Company's periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c5-3 that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2013, to meet the SEC's objectives.

This report is intended solely for the information and the use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used by anyone other than these specified parties.

RE: December 2013 Annual Audit

Dear Sirs:

Per a request from FINRA, EnergyNet has added "Auction proceeds payable" to the Computation of aggregate indebtedness on the Schedule I – Computation of Net Capital form submitted with the 2013 audited financial statements. The related auditor's notes have also been adjusted to reflect this change.

Sincerely,

Jim Black

Chief Financial Officer

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

YEAR ENDED December 31, 2013

JOHNSON & SHELDON, P.C.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Board of Directors EnergyNet.com, Inc. Amarillo, Texas

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2013, which were agreed to by EnergyNet.com, Inc. (EnergyNet) and the Securities and Exchange Commission, the Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and these other specified parties in evaluating EnergyNet's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). EnergyNet's management is responsible for EnergyNet's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement record entries noting that EnergyNet included overpayments applied of \$1,389.00 on Line 2 B., "Less payment made with SIPC-6 filed (exclude interest)";
- 2. Compared the Total Revenue amounts of the audited financial statements submitted with Form X-17A-5 Part III for the year ended December 31, 2013, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2013, noting no differences;
- 3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and
- 5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed noting that EnergyNet included overpayments applied on Line 2 B., "Less payment made with SIPC-6 filed (exclude interest)."

Board of Directors EnergyNet.com, Inc. Page 2

We were not engaged to, and did not, conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
